Further Education College

FE colleges include: Guildford, Alton, Brinsbury, Farnham, Bordon Future Skills, Brooklands, South Downs, ACM Guildford, BCOT, FCOT, Merrist Wood, Sparsholt. We have had Undershaw students go on to all of these colleges.

There are courses for everybody and at different levels: you can do Entry Level, Level 2 or Level 3 courses.

DO WHAT'S RIGHT FOR YOU

Specialist College

A specialist college may be the right choice for you.

We have had some students go on to, Orpheus, Hirst Lodge and Unsted Park.

T Levels

T Levels are similar to A levels, Apprenticeships and other 16 to 19 courses.

T Levels focus on vocational skills and can help students into skilled employment, higher study, or apprenticeships.

HM GOV T LEVELS

CONTEXT

At Undershaw, most of our leavers will choose to go on to Post 16 after Year 11, and most choose Further Education College after Post 16.

Some students will choose an Apprenticeship, Supported Internship, or go straight to work.

We have a wonderful Employability Team who are here to support you in deciding where you would like to go after leaving Undershaw.

SUPPORT & EMPLOYMENT

Supported Internship

The aim of a supported internship is mainly a work placement, where you will be supported by an expert job coach.

Whilst you do not get paid for this work, it is a fantastic way of gaining work experience. It is often a good first step towards getting your first paid job. Many Supported Internship students from Undershaw have then gone on to be offered a job within that company.

You can find out more information here:

Some students will choose an Apprenticeship, Supported Internship, or go straight to work.

We have a wonderful Employability Team who are here to support you in deciding where you would like to go after leaving Undershaw.

The World of Work

You could go straight from school into a job, without any further study, if you find employment that suits your skills and interests.

Have a look at the National Careers Service website for some ideas on where to start looking.

DO WHAT'S RIGHT FOR YOU

Apprenticeship

An Apprenticeship is a chance to work and study at the same time. Most of your time is spent learning at work, and the rest is spent studying for a qualification at a college. When you are an Apprentice, you are paid the minimum wage.

We have had students go on to do an Apprenticeship straight after leaving school.
